DETAILED ACTION

Status of Claims

Claim 1 has been cancelled.

Claims 2-24 are pending.

The specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

This application currently names joint inventors. In considering patentability of the claims under 35 U.S.C. 103(a), the examiner presumes that the subject matter of the various claims was commonly owned at the time any inventions covered therein were made absent any evidence to the contrary. Applicant is advised of the obligation under 37 CFR 1.56 to point out the inventor and invention dates of each claim that was not commonly owned at the time a later invention was made in order for the examiner to consider the applicability of 35 U.S.C. 103(c) and potential 35 U.S.C. 102(e), (f) or (g) prior art under 35 U.S.C. 103(a).

Information Disclosure Statement

Receipt of the Information Disclosure Statement filed 09/30/03 has been received and entered into the file. A signed copy of the 1449 is attached herewith.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Art Unit: 1626

Claims 2, 6-7 and 9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

1. In claim 2, it is not clear what the claim is drawn to. It is suggested that the claim be written as "A process for preparing 2-cyano-2-alkoxyacetamides of formula (III), comprising reacting the appropriate alkoxy malonamides of formula (II) with a dehydrating agent to obtain formula (III)."
2. In claims 2 and 9, the phrase "characterized comprising" and "wherein characterized" respectively is idiomatic and therefore indefinite.
3. In claims 6 and 7 respectively, the phrase "claim 2 the dehydration----" is idiomatic and therefore indefinite. It is suggested that ---wherein--- be inserted before "the dehydration".
4. What is being claimed in claim 10?

Allowable Subject Matter

Claims 3-5, 8 and 11-24 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
